## PROJECTS

### **Online Food Ordering System Website**

Feb 2022 - Nov 2022

Online food ordering is the process of ordering food, for delivery or pickup, from a website or other application. The product can be either ready-to-eat food or food that has not been specially prepared for direct consumption

### Hostel searching or booking website

May 2022 - Present

Booking hostels has become more and more complex over time.

There are more hostels to choose from now than there were years before. And there are several hostel websites and booking portals you can use...
